Dear Sir:

As a member of your very prestigious organization, I write to offer members an opportunity to become professional forensic polygraph examiners and to offer my services as the "ASST's" official polygraphist. I am a twenty five year veteran of the New Hampshire State Police and a retired detective sergeant and polygraph examiner of their major crime unit. I received my polygraph certification from the Federal Royal Canadian Mounted Police Polygraph School in Ottawa, Ontario in 1988. I am the only retired state police member who is a current Director of an APA accredited polygraph school. My school accepts current and retired members of state, federal, local and county law enforcement agencies.

The New England Polygraph Institute is the only polygraph school in the world to be accredited by the Canadian Association of Police Polygraphists along with the APA. It is also recognized and accredited by the American Association of Police Polygraphists, the New Hampshire Better Business Bureau and the New Hampshire Association of Police Polygraphist's of which I am the president and author of the constitution. We are an Americanized replica of the Canadian Federal School and are located in New Hampshire. Our courses include eleven weeks of in house academic instruction and practical polygraph examinations, followed by our internship phase.

Should any of your membership be interested in a very unique and financially rewarding retirement opportunity please contact me at any of the following addresses or numbers.
