

Dear Board of Directors of the American Association of State Troopers and the Scholarship Foundation,

I am honored to have received the American Association of State Troopers Scholarship. I greatly appreciate your generous donation to help me further my education and pursue my dreams. I am entering my second year at Binghamton University. I am planning on earning a double degree in Communications Disorders and Spanish. I want to work as a speech therapist with children who have difficulty speaking English. Unfortunately Binghamton University does not offer a major in communications disorders and I will need to transfer to a college in the spring or fall semester. I have already begun applying to schools and my top choice is Penn State University. This scholarship is a big help in paying my tuition and educational expenses and I greatly appreciate your confidence in me and my future.

Thank you again,

Alissa Strong

A handwritten signature in blue ink that reads "Alissa Strong". The signature is written in a cursive style with a long horizontal flourish extending to the right.
