

Dear Christian Ricks,

I wanted to take the time to thank you again for the \$1,000 scholarship that the A.A.S.T. sent my son Benjamin. It is the only scholarship he received, which makes it all the more valued. And knowing that it comes from an organization that represents law enforcement makes it all that more special. Like I said in my thank you letter for Benjamin's first scholarship, I had contributed my \$1,000 A.A.S.T. retirement gift to the scholarship fund. Seeing first hand the joy that comes from receiving one of these scholarships makes me even more committed to continuing contributing to this scholarship fund in the future.

Thanks again,

Dear AAST,

I received a scholarship from your business in August 2009. I am very excited to apply the scholarship to my tuition. This will help me in the future by paying off my loans. I appreciate your generosity with both scholarships.

Thank You,
Ben Miller
