Dear Scholarship Committee,

Attending college and getting a proper education is extremely important towards achieving my career goals. All of my life, I knew I wanted to be a law enforcement officer just like my father. He has been involved with law enforcement for 30 years; showing me all of the different perspectives of what it means to be a defender of the law. The idea of being responsible for other people's lives is a reward in itself; not to mention the comfort of knowing that I am making the world a safer place to live. Getting up in the morning and going to a job where I get to serve and protect the citizens in the city in which I live, is something I would love to do the rest of my life. Without the proper education in my high school and college classes, I would not have the necessary knowledge required to succeed.

Although education is the key to my success in life, I must first figure out a way to pay for it. Receiving your scholarship means more to me than I could ever express in words. Because of your generosity, I am able to move one step closer in achieving my goals. Thank you very much and may God bless you!

Sincerely,

Chadwick Caver
