RE: Scholarship Award

Dear Sirs:

I have received your check for the 2007 American Association of State Troopers' Scholarship. I am honored to have been selected to receive this financial assistance from your organization. Having grown up in a law enforcement family, I know we take care of our own; you epitomize that concept. I hope to follow my father into service with the Virginia State Police as a state trooper, allowing me to truly join the law enforcement family as well.

Scholarships such as this make attending college much easier for students and I truly appreciate the assistance you have provided to me. I am entering my second year at Rappahannock Community College, where I will graduate in May 2008, having earned my Associates in Science degree. I will then transfer to Radford University where I will obtain my Bachelors degree in Criminal Justice.

I look forward to being a member of the American Association of State Troopers in the future. Thank you for your part in helping to make my goals achievable.

Sincerely,

Justin D. Miller
