AAST Scholarship Foundation Board of Directors,

I am deeply honored to be a recipient of the 2008 and 2009 American Association of State Troopers scholarships. My freshman year of college was spent at Bucknell University in Lewisburg, PA. I was accepted as a sophomore transfer student to the Industrial Labor Relations School at Cornell University in Ithaca, NY, where I am pursuing a career in business/labor relations.

The monetary scholarships I have received from the AAST in 2008 and 2009 allowed me to lessen the financial burden of these private institutions.

As a child of a retired lieutenant with the Pennsylvania State Police, I learned what it takes to dedicate your time and life to your career, and yet ensure you have prepared yourself with the knowledge to apply your abilities to serve others.

I know my father is so proud of my accomplishments and I am so proud of my father's twenty-five year career in law enforcement; and his desire to align himself with your great association dedicated to others.

Thank you once again for awarding me these scholarships.

Very Truly Yours,

Matthew E. Koren
