Dear American Association of State Troopers,

Please accept this letter as my way of expressing my sincere appreciation to AAST for the scholarship award that I recently was awarded.

This scholarship award will certainly help me with several financial needs as I enter my last year at Central Connecticut State University. This award, like others you likely sent to several other deserving recipients, will help me to meet my needs with books and similar costs.

I would appreciate you expressing my thanks to all of the members of the AAST Scholarship Foundation for making this scholarship possible. I will not forget the support that you have given to me with the two AAST Scholarships I have received.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Sean Warren', with a long horizontal flourish extending to the right.
