

To whom it concerns:

October 17, 2007

I just wanted to say thank you so much for the scholarship money! I'm very grateful for it - it is a tremendous help to me! I am paying for college completely on my own and I have set a goal to make it through college without any student loans. It takes a lot of hard work, but I know I can accomplish my goal, especially with your help and support! Thank you again - I'm very grateful and I promise the money will be put to good use as I complete my education at Brigham Young University.

Thank you so much,

J. Maile Summers
